EDUCATION

Bhagwan Parshuram Institute of Technology B.Tech: Information Technology (8.55 CGPA)	2024
Himalaya Public Sr Sec School XII Standard Computer Science (88.6%)	2019
Himalaya Public Sr Sec School X Standard (10 CGPA)	2017

WORK EXPERIENCE

Full Stack Developer

Feb 2025 – Current

BODSPHERE (Noida)

- Developed and maintained end-to-end features using React.js, Node.js, and MongoDB, ensuring seamless functionality across frontend and optimized backend API performance by refining database queries.
- Integrated Stripe and Razorpay payment gateways to support international and Indian subscriptions, enhancing monetization for a global user base.
- Implemented IP address-based rate limiting to secure OTP endpoints and checkout pages, mitigating potential DDoS attacks, Engineered a subscription-based model with secure payment flows and automated billing processes.
- Integrated Cloudflare and Google reCAPTCHA for enhanced security and bot protection across critical user flows.
- Implemented centralized state management using Redux and Redux Toolkit, improving data flow consistency across the website.

Full Stack Developer Intern

Aug 2024 – Jan 2025

AI4SEE PVT LTD (Bangalore)

- Developed an internship portal by building APIs using Nodejs and Express.js, managing mongodb databases, and integrating Razorpay for seamless payment processing, enhancing platform functionality.
- Designed intuitive UI components with the help of tailwind CSS and streamlined the website's performance, resulting in a faster, user-friendly experience using React.js .
- Led a team of 3, assigned tasks, and utilized Git for version control, ensuring collaborative efficiency and smooth project progression.
- Enhanced website scalability and reliability through meticulous database management and code optimization, supporting a growing user base effectively.

SKILLS & OTHER

- | | | |
|------------|----------------------------------|----------------|
| • React.js | • Data Structures and algorithms | • Javascript |
| • Node.js | • Git | • Tailwind CSS |
| • MongoDB | • C++ | • SQL |
| • HTML | • Docker | • CSS |

CERTIFICATION

- The complete web development bootcamp (Udemy)
- The React 18 Complete guide 2023 edition (Udemy)
